

Alliance unveils state-of-the-art media lab

Alliance University unveiled a cutting-edge multimedia lab on its campus on Tuesday. The lab was inaugurated by TG Sitharam, Chairman of the All-India Council for Technical Education who highlighted the potential for collaboration between academia and the media. The media lab houses a professional video/audio facility as well as a production and post-production facility. The lab aims to provide students with the most advanced media studies education possible. **ENS**
